Capital Projects – Active

OVPSD/Mutual Water Company Emergency Intertie Project

- At Mutual booster pump station site, contractor has completed underground pipe installation including connections to District and Mutual water systems. Awaiting delivery of booster pump and electrical equipment to complete work at this site.
- At PRV site, Contractor has completed electrical conduit installation and connection to Mutual water system. Installation of underground water pipe is underway.
- Project currently on schedule and within budget.

Water Meter Replacement Project

- Installation of new meters and endpoints is ongoing by Operations staff

Capital Projects – Developer

Granite Chief A Line Sewer

- Staff continues to coordinate compliance efforts with affected property owners.
- Discontinued water service at affected properties on July 1, 2024.
- Property owner at 213 Granite Chief Rd. satisfied compliance requirements and water service was reinstated on July 12, 2024.

Olympic Valley Groundwater Management Plan

OVGMP Groundwater Database Updates

- District under contract with UES to update the existing groundwater database
- The work includes Access database updates, groundwater data import for 2016-current, and recommendations to improve database through potential platform changes
- The contract amount is not to exceed \$25,454 and the costs will be shared by Valley groundwater pumpers in proportion to their annual pumping.
- Project is scheduled to start in June and be complete by mid-summer 2024

Engineering Department Activities – On-Going

- Residential plan reviews and contractor/owner coordination for new and remodel construction
- GIS database updates and Viewworks implementation
- Water and Sewer Code and Technical Specification updates

DATE PREPARED: July 18, 2024
