

# OLYMPIC VALLEY PUBLIC SERVICE DISTRICT

## Burning Restrictions Lifted in Olympic Valley

**OLYMPIC VALLEY, CA, November 1, 2024** – With the arrival of cooler temperatures, higher humidity, and winter weather, effective Friday, November 1, 2024, at 8:00 A.M., CAL FIRE has lifted the burn permit suspension that has been in place in Placer County during fire season. Following CAL FIRE's lifting of fire restrictions, which indicates the end of our local fire season, the Fire Chief has lifted lift local fire restrictions for Olympic Valley Fire Department's service area (Olympic Valley and portions of the Truckee River corridor).

Those possessing current and valid residential burn permits may resume burning on permissible burn days. The CAL FIRE, the Air Resource Board, in conjunction with the Counties' Air Quality Management Districts, regulate "burn" and "no burn" days. Burn permits are required and residents must verify if a day is a permissible burn day through the [Placer County Air Quality Management District](#) for permit holders in Placer county.

### BURN GUIDELINES

- Burn permits and a step-by-step guide to Hazard Reduction Burning can be obtained by visiting the [CAL FIRE Burn Permits](#) website.
- Maximum pile size shall be 4 feet in diameter.
- The area within 10 feet of the outer edge of the pile shall be maintained free and clear of all flammable material and vegetation.
- There must be a responsible adult in attendance with a shovel until the fire is dead out.
- There must be a sustainable water supply at the burning site.
- No burning shall be undertaken unless weather conditions (particularly wind) are such that burning can be considered safe.
- Burning shall be conducted during daylight hours only.

Safe residential pile burning of green waste is an important tool in reducing fire hazards resulting from the buildup of forest residue. For more information on burning, visit the CAL FIRE website at [www.fire.ca.gov](http://www.fire.ca.gov). For information on creating defensible space around your home, visit [Tahoe Living with Fire](#).
