Forthcoming: Tahoe Live planning.

Staffing and Employment:
Injured FF returned to duty on 11/8. FF Erickson on Family Leave until Dec. 1 (baby boy: Krue).

Fuels Management:
OV-5: Roadway improvements, including widening, regrading, and installation and improvement of drainage features to provide project access, are complete. Forestry operations are underway, with approximately 40 acres (40% of the project area) cut to date. Some harvested material has been removed, although several log decks will remain until next season due to soft ground conditions along the access road. The chipper will be processing vegetation that cannot be harvested, and additional mastication will be needed next year. Work will continue as weather and ground conditions permit, with demobilization expected when conditions no longer support operations.
Truckee Tahoe Airport District (TTAD) Funding: Staff are preparing a presentation for the TTAD Board's December 2nd meeting, in coordination with regional partners, to provide an update on projects supported by TTAD grants. TTAD has committed an additional $2 million toward regional fuels reduction projects for 2027 and has scheduled a meeting in early 2027 to discuss and prioritize future projects.
